• **Dropping a course**— Effective the first day of the semester, international students will need both advisor and ISSS approval.

• **Adding a course**— International students do not need an ISSS signature to add a course. The only time ISSS would need to approve an add is if a student is reducing the number of hours for a course in which they have already registered. Other than this rare situation, international students who are adding a course do not need ISSS approval.

• International students must be enrolled for 12 hours to meet visa requirements.

• International students may not drop their ESL courses or CSI:1600 Success at Iowa.

**ISSS Walk-In Hours** – Students may see an ISSS advisor for approvals during weekly walk-in hours: M-T-Th-F 9:30-11:30 and Monday through Friday 1:30-3:30. On deadline walk-in hours will be extended to 4:30.
